Dear Sir or Madam,

Subject: **The Commercial Production Line Successfully Passed FSSC 22000 Food Safety Standard Certification Audit– This stringent standard is recognized by global food companies and its receipt will facilitate the sale of the product.**

The production line for ProteVin™ in India has successfully passed the audit of qualification for Food Safety Standard Certification FSSC 22000 (“**the Standard**”).

This stringent Standard is recognized by global food companies and its receipt will allow us to sell ProteVin™ from the plant in India.

It is another milestone in establishing the global distribution for ProteVin™ and selling it to leading food companies worldwide in line with the company’s strategy.

With regard,
NextFerm technology LTD
